28345 Beck Road, Suite 404  
Wixom, Mi 48393

Dear Keith,

We are proud to support your effort to produce "Our Vietnam Generation" film in 2010. The Vietnam Veterans have learned to take care of themselves and not to expect much support from anyone. So, it is with a heartfelt thank you that we stand ready to assist you and the business community that will support the making of this very important film about Vietnam Veterans.

Detroit is the largest city in America without a formal park or memorial to honor its Veterans. Known as the Arsenal of Democracy during World War Two, it seems almost unimaginable that Detroit has not seen fit to honor the men and women who helped win the war. Our project the "Veterans Memorial Park of Detroit", is to honor all Detroit Veterans from all wars. It is our intent to also honor those who helped produce the war material such as "Rosie the Riveter".

The Park is planned to be built on the corner of Woodward Avenue and Temple, only a few blocks north of the Fox Theater. It will provide the people of Detroit a place to quietly reflect on the sacrifices made by its Veterans. It is designed to provide space to honor both the past and the future Veterans of this city.

The "Veterans Memorial Park of Detroit" Officers and Board of Directors are made up of Vietnam and other era Veterans and many of them are members of the Vietnam Veterans of America, Detroit Chapter 9. The Detroit Chapter of the Vietnam Veterans of America was formed in 1980 and they have been a leading force in the Veteran community since their inception. The "Veterans Memorial Park of Detroit", is a 501 (c)3 Foundation and donations are tax deductible.

We feel your film will help explain what it is to be a Vietnam Veteran and your donation to the "Veterans Memorial Park of Detroit", will help us tell the history of and honor all Detroit Veterans.

Thank you for caring enough to lead this project.

Veterans Memorial Park of Detroit,

Keith King  
Secretary
